

Week 12: Professional issues**DESCRIPTIONS**

This workshop is designed to assist students to understand the professional issues covered in the week 11 and week 12 lecture including Security, Reliability, Privacy, Whistle blowing, Sustainability and Discrimination. In addition, students will have time to check that they have all items for their e-Folio and discuss the exam.

At the end of this class, students are required to submit the answers to the questions into their e-Folio.

OBJECTIVES

1. Understand types of security breaches and the impact that a security breach could have on a company,
2. Be able to articulate why reliability of technology is important
3. Understand what whistle blowing is and list why whistle blowing is important to the community.

ACTIVITIES

- **Activity 1: Exam Preparation**
 - Each student on their own should answer the questions on the week 12 question sheet
- **Activity 2: Discuss Activity 1**
 - Your tutor will lead a discussion on the questions above.
- **Activity 3: Brief Exam Discussion**
 - Questions for the exam will be on content from
 - The e-Pub
 - Lectures
 - Tutorial
 - Mindfulness
 - Note: there is a sample exam available on Moodle. You should complete this and take it to a consultation with the tutor
 - A solution will be made available 2 days before the exam but do not memorize the sample exam. Work out how to answer that style of question.
- **Activity 4: e-Folio check**
 - Check that you have placed all items for the semester in your e-Folio

1. Research

XX marks

1. What type of source is each of the following: Write the correct type from the list below in the boxes provided.
Match the following types with the sources of information (x marks)

Primary
Secondary
Tertiary

	Thesis Results Chapter
