Exam Technique

Use your 10 minutes reading & noting time to plan how you will answer the questions:

- answer questions you feel confident about first (you will probably be quicker at these, leaving more time for the harder ones)

Pace yourself. The exam is 100 marks, and lasts 120 minutes therefore:

- > 1 mark = 1.2 minutes
- > 5 marks = 6 minutes

If you cannot finish a question within the time, move on. Revisit the question when you have time left.

Answering Sections A

It is OK to answer in point form, BUT ensure that your point form *answers are complete and coherent.*

Be specific and relevant:

- answer the question asked.
- **marks will not be** awarded for bulk (do not ‘memory dump’).

Marks will be awarded based on quality not quantity.

Allocated Marks is a guide for writing appropriate details in answering the questions

If and where appropriate, support your answers with examples and diagrams/sketches/table or figure.
